## PARENT'S DAY

Parent's Day allows you the opportunity to participate in your child's class or simply watch your child's class from the pool deck.

**It will always take place on the 8th week/class and it's a great opportunity to get involved in your child's learning.**

During the last 5-10 minutes of the class, your child's instructor will be available to let you know how your child is doing in the class and also give you some recommendations on what class you should register your child in for next session.

**Please take a moment to speak to the instructor so that you know what level to enroll your child in for the next session.**

If you are unable to attend Parent's Day, please take a moment to speak to your child's instructor the class before Parent's Day.
