

PRESCHOOL PROGRAMS

Spring Classes begin the week of
March 26, 2012
NO CLASSES: Victoria Day - Mon. May 21

ABC's AND 123's (2-3 YEARS) ♥

Introduce your child to the joy of learning the alphabet, numbers, colours and active playtime. Creative activities, songs, stories and games enhance your child's learning experience. Parent participation is highly recommended!

BEGINNER DANCE LESSONS FOR PRE-SCHOOLERS ♥

Dance Level 1 (3-4 years)

A 45 minute introductory program teaching the fundamentals of tap & jazz dancing. Basic steps will be introduced and practiced weekly. In a fun and relaxed atmosphere children creatively combine elements into a small routine. This is a great beginner level dance class and participation is without parents.

Dance Level 2 (5-6 years)

A one hour, intermediate level program, again combining jazz and tap. The fundamentals of tap & jazz are covered with more emphasis on a combination of dance steps.

INTRODUCTION TO KINDERGARTEN (30 MONTHS-4 YEARS)

Participants will participate in crafts, circle time, stories and play to introduce them to structure and social interaction in a group setting, similar to a classroom setting. Weekly themes will enhance the learning process; a great stepping stone to kindergarten.

KINDERMUSIK FAMILY TIME (15 MONTHS-6 YEARS)

In 10 weeks, you'll play instruments together, dance together, share, and take turns, and see how music can bring you closer as a family. Family time becomes a multi-layered learning environment. The group will be introduced to basic musical concepts, and enjoy music and movement with instruments, hoops, scarves and tumble around play. Story time and family jams, puppet play and happy singing all encourage discovery and exploration and foster sharing and social skills.

MONKEYNASTIX (12 MONTHS-6 YEARS)

Monkeynastix is a broad-based, holistic program that combines creativity, music and storytelling with basic training in flexibility, balance, strength, agility, co-ordination and body awareness. Your child will love each energy-packed lesson. For further information – check out the monkeynastix's website at www.monkeynastix.ca

PLAYBALL – 2'S CAN TOO (2 YEARS) ♥

Are YOU and your 2 year old ready for TWO CAN DO? A gentle, safe and fun introduction to sports and gross motor skills, with a wide range of activities to stimulate and improve your child's overall development. Two Can Do builds the foundation for your child's successful future sports participation.

PLAYBALL 1 (3 YEARS) ♥

This is a comprehensive program of games carefully devised and structured to teach a wide range of sports and social skills. The

emphasis is on having fun with movement and playing games with a ball so that the child's first introduction to sport is a happy and positive one.

PLAYBALL 2 (4-5 YEARS) ♥

This section of the Playball program provides our "Playballers" with a solid grounding and a basic competence in ball skills. The children are exposed to a wide variety of different ball and sports skills in each lesson. It is this stage that they have the opportunity to practice the skills more rigorously.

POWERPLAY HOCKEY (3-6 YEARS) ♥

A hockey program for boys and girls who know how to skate. Participants are introduced to the very basics of hockey, as they learn a variety of hockey skills and techniques.

NOTE: Mandatory equipment includes: CSA approved hockey helmet with face mask, shin and elbow pads, gloves, hockey skates, and a hockey stick. Sorry, failure to arrive with proper equipment will result in non-participation. Participants must be age three by the start date of the program. Please note that children will be assessed on the first day and assigned to the appropriate level. Prerequisite- one to two sessions of skating lessons and/or Can-skate in order to participate.

SHAKE IT BABY (4-12 MONTHS) ♥

This program provides parents/caregivers with an opportunity to interact with their babies through touch, singing, fingerplays, and knee bounces. Babies will experience an early introduction to puppets, bubbles, parachute, scarves, bells, shakers, and gentle movement songs as well. There will be time for baby to explore play equipment designed for this age group. Light refreshments will be available each week.

SKATING LESSONS (3-6 YEARS)* ♥

This 45 minute program is for participants who are 3 years old (at program start), ready to attend without a parent and able to stand on their skates unassisted. Participants will be assessed during the first class to ensure they are ready for this level. This session is designed to introduce basic skating skills through group instruction, warm up and various skill development activities.

SKATING LESSONS (3 YEARS OLD)* ♥

This 30 minute program is for participants who are 3 years old (at program start), have never skated before but can stand comfortably on their skates, are ready to attend without a parent and require assistance (with a skate bar) to move or stand. The main goal of this program is to have fun, through games and activities on the ice, while helping the new skater gain confidence on the ice.

**CSA approved hockey helmets with a face mask are mandatory. Bicycle and ski helmets are not acceptable. Failure to arrive with the proper safety equipment will result in non-participation.*

Family Fun

Look for this symbol for family programs and activities where parent participation is welcome!

Heart Healthy Programs

Active programs that work on increasing fitness levels.

Program Name	Age	Location	Day	Time	Start	# of Classes	Fee	Barcode
